

Crane Training Schools Prince George

Crane Training Schools Prince George - Our different programs for Mobile Crane Operation are meant for skilled operators who requires re-certification or certification, and for inexperienced people who are searching for their very first work as an operator of a crane. Business demand for certified crane operators is high all over the nation. Positions for crane operators are in demand due to their high rates of pay. Operators of cranes are amongst the highest paid of whichever operator of heavy machine.

Our Crane Operator training offers instruction for different mobile cranes. Course subject consists of Wire Rope, Crane Set-up, Load Dynamics, Lift Planning, Load Charts, Rigging, and Signaling.

The program is most suitable for crane operators, riggers and their supervisors. The materials incorporated in the course would include a guidebook and several useful handouts. The illustrated safety instruction manual consists of 100 to 250 pages, which depends on the course, of important and useful material. Course materials consist of load charts and load chart exercises for the crane with which the person training is working.

Hands-On Safety Training would take up over half of the course curriculum. The practical training section is the most useful method to developing and improving personal skill levels. Only skilled journeyman crane instructors are chosen to teach the courses. Our instructors possess many years of business experience.

Optional testing mechanisms are provided for all of our courses. Students would normally write tests both prior to and following training. A skills test is generally administered for programs which comprise H.O.S.T. People training would be graded and tested.

We provide certified training programs for the following cranes: Fixed and Swing Cab Mobile Hydraulic Cranes; Lattice Boom/Crawler Cranes; Rigging / Signalperson Certification and Training; Articulated Boom / Knuckleboom Cranes; Testing & Certification; and In-The-Seat Training.
